#### Custom Palettes:

Palettes represent the available colors created by combining a given set of 10 colored weft threads.

We have a number of color palettes to choose from; your image's colors may fit within one of our existing palettes.

You may instead create a Custom Palette, choosing your own set of 10 colors for the weft; Custom Palettes start at **\$1200**.

Woven 500 color palette

#### File Requirements:

To develop a weave file, we require a **flat, RGB TIFF** of your image measuring between **3000** and **4000 pixels** along the longer dimension.

#### Getting Started:

We currently have a waiting list for custom tapestries; a minimum deposit of **\$1500** is required to be placed on the waiting list.
